

**REMARKS**

Applicants amended the specification to correct minor typographical and stylistic errors.

Applicants amended some claims to place them in a better form for examination. The amendments are not made for purposes relating to patentability. Support for the amendments is found in the specification, considered as a whole, e.g., page 26, lines 20-34. New claims 46 and 47 are also supported by the application as filed, e.g., original claims 32 and 33, respectively.

No new matter is introduced by Applicants' amendments.

In the event any fees are due or a variance exists between the amount enclosed and the Patent Office charges, please charge or credit any difference to the undersigned's Deposit Account No. 50-0206.

Respectfully submitted,
